

## Roadwork Signs:

These signs differ from other warning signs. You should always take extra care and reduce your speed when you see these signs.

The signs are: rectangular or diamond shaped, and orange with a black border and black symbols or words.

The images below are examples of these signs.

## Stop and Go traffic control at roadworks

When road works are being carried out you must stop when you see the Stop sign below. You may only proceed through or past the road works when the Go sign (Téigh) is displayed. It is an offence not to obey these signs.

Where plant or machinery is crossing the roadway and no matter what direction you approach from, you must stop when you see the Stop sign below. You must obey these road signs. The signs can be operated by mechanical or manual means.

## Variable Message Signs

These signs provide information in an electronic format and are designed to inform you of a range of issues relating to roads and road safety. The content of the sign will change, dependent on the situation. You should pay particular attention to these signs and messages.
